No. 6. Alexa Stirling

A sixteen-second movie of this country's former woman golf champion, Miss Alexa Stirling, of Atlanta, who is now a New Yorker by adoption, being employed as one of the star bond "salesmen" of S. W. Straus & Co. The Georgia Peach of golfdom plans an occasional afternoon off during the spring and summer, when she will go into action on the links roundabout New York.

Left — EIGHTEEN-YEAR-OLD WORLD'S CHAMPION. This speedy mermaid, Miss Sybil Bauer, of the Illinois Athletic Club, Chicago, recently performed what has been called the greatest feat in the history of woman's swimming—namely, that of clipping 93.5 seconds off her own world's record for the 150-yards back stroke. Miss Bauer also holds the world's records for the 50 and 100 yards back stroke.

"HENRY FORD" HIGH AND DRY. The recently launched contender for the fisherman's cup in this season's races Down East, the graceful schooner named after the daddy of the flivver, breaks away, and goes ashore on Essex Bar, Cape Ann, Mass. The challenger for the International trophy was pulled off the rocks after four days slapping by heavy seas and efforts will be made to get her ready for the banks before June 1st.

Left — "NEW FIRST PATRONESS." Baby Giovanna Bernardi and her mother, Mrs. Temistocle F. Bernardi, wife of the Italian Consul at New York. The smiling senorita was the "first new patroness" to sponsor the Ballo di Primavera, which was given at the Vanderbilt last night for the benefit of Italian war orphans, an affair which was attended by every Italian of prominence in the city.

SOME EASTER BONNET! Here's the chapeau that unofficially won Fifth Avenue's Easter parade prize—as worn by Maxine Brown, who, in the words of President Harding himself, "is the most beautiful bride it has been my good fortune to gaze upon."

Right — SPERRY'S FLIVVER AIRPLANE gives a motorcycle cop a merry chase. The 500-lb. airplane of Lawrence B. Sperry, of Brooklyn, is as easily handled as an auto—he alights in front of his home, stops at any roadside gasoline station to fill his tanks. The plane can take off from any roadway and is able to do better than 100 miles an hour. Have you ordered yours yet?

TWO OF A KIND AT TEA. A couple of British Sirs, both popular favorites on this side of the Atlantic, Tommy Lipton and Harry Lauder, wetting their respective whistles with nothing stronger than some of the former's own Ceylon — on the occasion of Sir Harry's visit to the former on his arrival in London. The Scotch comedian has just remarked to the famous yachtsman that his recent visit to this country was quite the driest he has ever made.

Right — A PRESIDENT'S SON. All out for the shot-put! And among those of Harvard's freshman class answering the call of the track and cinder path is Frank Grover Cleveland, son of the late ex-President Grover Cleveland. The Crimson freshie is pictured here putting everything he has into a mighty heave, in the hope of making a distance that will land him a berth on his class track team.

Left — THE NAVY'S NEW SPEED BOATS. Secretary of the Navy Denby (seated in the center) out for a trial spin aboard one of the two new speed boats recently acquired from England for patrol duty along the Atlantic Coast. The craft, powered by a twelve-cylinder engine, is 55 feet long, equipped with two torpedo tubes, and is capable of doing better than 40 knots.
